

Watch us. We're The New Gas Company. And we know that cooking and heating and drying with gas makes the most sense. Gas is cleaner — less than 40% of the carbon output of electricity for the same tasks. Gas is cheaper — less than the cost of electricity for the same tasks. Gas is reliable — when the lights go out, the gas stays on. Next to the sun itself, gas is the best source of heat energy in and for Hawaii.

**We mean business — and satisfaction. And we want yours.**
